</table>
| March 30, 2022 | High-Throughput Omics and the Red Blood Cell Storage Lesion: Towards Personalized Transfusion Medicine | Angelo D’Alessandro, PhD  
Associate Professor, Depts of Biochemistry and Molecular Genetics; Medicine  
Division of Hematology  
University of Colorado Anschutz Medical Campus  
Director, Metabolomics Core of the School of Medicine and Mass Spectrometry Shared Resource of the University |
| April 6, 2022 | Resident and Physician Wellness in the Era of Covid-19                | Heather Kirkham, DO, MA  
Resident (PGY-3)  
Department of Laboratory Medicine & Pathology  
University of Washington |
| April 13, 2022 | Reversing the Gender Leadership Gap: Taking Action for Meaningful Change  
*Online only* | Jennifer Hunt, MD  
Chair and Professor of Pathology  
Department of Pathology, Immunology and Laboratory Medicine  
University of Florida |
| April 20, 2022 | Therapeutic Apheresis - Past, Present, and Future                    | Huy P. Pham, MD, MPH  
Medical Director, National Marrow Donor Program (NMDP)  
Adjunct Professor of Medicine, Medical College of Wisconsin  
Be The Match / NMDP Seattle Apheresis Collection Center |
| April 27, 2022 | No Grand Rounds / National Medical Laboratory Professionals Week     | Alex Greninger, MD, PhD, MS, Mphil  
Assistant Professor  
Department of Laboratory Medicine & Pathology  
University of Washington |
| May 4, 2022   | *Lee Jong-Wook endowed lectureship*  
4:00 PM start / Hans Rosling Center for Population Health (HRC) room 155, Reception to follow in HRC 280 lobby  
Title TBA             | Andrew Bryan, MD, PhD  
Medical Director, University of Washington Medical Center (UWMC) Clinical Laboratories  
Interim Medical Director, UWMC-Northwest Pathology Laboratory  
Assistant Director, Division of Clinical Microbiology  
Assistant Professor  
Department of Laboratory Medicine |
| May 11, 2022  | Laboratory Centralization: Insights from the Literature and UWMC-Northwest | Austin Green, MD  
Resident (PGY-3)  
Department of Laboratory Medicine & Pathology  
University of Washington |
| May 18, 2022  | Molecular Landscape of Melanoma and Current/Emerging Targeted Therapies | Emily Glynn, MD  
Assistant Professor, Hematopathology  
Department of Laboratory Medicine & Pathology |
| May 25, 2022  | Hidden in Plain Sight: The Impact of Corruption on Laboratory and Pathology Service Delivery  
*Online only* | Lindsey Durowoju, MD  
Resident (PGY-3)  
Department of Laboratory Medicine & Pathology  
University of Washington |
| June 1, 2022  | Hemoglobin Variants and Stool-Based Colorectal Cancer Screening       | Lindsey Durowoju, MD  
Resident (PGY-3)  
Department of Laboratory Medicine & Pathology  
University of Washington |

CME Course Objectives: upon completion of this program, attendees should be able to:
- List several trends and developments in laboratory testing in the diagnosis, prognosis, and monitoring of disease.
- Apply current concepts in laboratory testing to the diagnosis, prognosis, and monitoring of disease.
- Describe current research in the practice of medicine and how this research might impact the future practice of laboratory testing.
- Apply current concepts in laboratory testing to the diagnosis, prognosis, and monitoring of disease.
- Describe current research in the practice of medicine and how this research might impact the future practice of laboratory testing.

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Washington School of Medicine designates this live activity for a maximum of 40 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. (Each session is one credit.)

Sign-in is required to receive CME credit.

To request disability accommodation, contact the Disability Services Office at least ten days in advance at: 206.543.6450/V, 206.543.6452/TTY, 206.685.7264/FAX or dso@uw.edu.
